SKILLS

- JavaScript
- HTML, CSS, JSX
- React Js
- Git & Github
- Tailwind, Bootstrap

EDUCATION

- **BS Computer Science | GDC Lahore , Swabi** CGPA: 3.40 | 2022-26
- **FSc(CS) | GPGC Swabi** Percentage: 70.8% | 2020- 22

EXPERIENCE

Aspiring Front-End Developer (*Fresher*)

- Developed a strong foundation in web development through self-learning and practical projects.
- Gained hands-on experience with HTML, CSS, JavaScript, and frameworks like Bootstrap and Tailwind , React js.
- Completed multiple self-initiated projects to demonstrate problem-solving and design skills.
- Continuously learning advanced technologies like MERN Stack to build modern, dynamic web applications.

PROJECTS

• Star Gym Website (Collage Project)

In my 3rd semester, I developed a website for Star Gym, aimed at providing users with easy access to gym facilities, class schedules, and membership options. The site also features a vibrant gallery to showcase the gym's community and services. I worked on both the front-end and back-end

development, creating an engaging and user-friendly experience that helps promote a healthier lifestyle.

- **Travel Website**

Created a responsive travel app using only HTML and CSS, leveraging media queries to ensure optimal user experience across devices of different sizes. The app allows users to discover destinations, explore local attractions, and plan trips with a clean, user-friendly interface. Focused on making the website mobilefriendly and easily navigable, providing an engaging and accessible experience on both desktop and mobile platforms.
